EXPERTISE

- Procurement law
- Construction contracts
- Law of architects and engineers
- Corporate compliance
- Legal management for large-scale projects JurProM®

Alexander advises principals and contractors on all questions of procurement law, national and international construction law and the law of architects and engineers. Furthermore, he advises them on related contentious disputes before courts as well as before review tribunals. A further key practice area is the "Compliance Advice" that he provides in the event of threatened order blocks as well as the leadership of negotiation proceedings in major construction projects.
