

Kapellmann
Rechtsanwälte

Dr Lea Ruschinzik

Lea advises on German and European energy law issues. Her focus is on renewable energies and climate protection law. In particular, she deals with issues surrounding decentralised energy supply and network regulation, such as grid connection requests or legal requirements for battery storage.

Lea also supports companies in dealing with various certificates and the reduction of greenhouse gas emissions. This includes general ESG consulting in order to implement the energy transition sustainably.

Curriculum vitae

- Studied law at the University in Münster, 2013 to 2018
- Research Assistant at the Heinrich-Heine-University in Düsseldorf and at the Düsseldorf Institute for Energy Law, 2019 to 2022
